# Businesses today need legal counsel that understands all of the angles, yet is nimble and crosses the finish line quickly.

Brach Eichler's Corporate Transactions Practice provides representation and counseling on all aspects of business transactions and business law. We take a holistic approach to representing our clients and have a deep bench of attorneys who focus on various areas of law which allows us to provide a full range of services to our clients. For both corporate and individual clients, our attorneys provide strategic guidance on all matters related to structuring transactions for corporate and tax purposes, corporate governance, and meaningful due diligence, among many other legal issues. Our attorneys often work closely with our clients' accountants, stockbrokers, insurance agents, and other financial advisors to achieve the best possible results for our clients. If a client is in need of an advisor, we employ our resources and referral base to assist in locating and engaging other professionals who can contribute to the success of their business.

Our attorneys address the diverse, day-to-day needs of our clients' businesses. Specifically, we assist with such matters as:

- Formation, operation, and reorganization of corporations, partnerships, limited liability companies (LLCs), limited liability partnerships (LLPs), and joint ventures
- Liquidation and dissolution of corporations, partnerships, LLCs, LLPs, and joint ventures

- Mergers and acquisitions
- Capitalization and financing
- Contract negotiations
- Corporate governance
- Purchasing and selling assets
- Master service agreements and statements of work
- Employment and restrictive covenants
- Facilities expansion and contraction
- Customer and vendor/supplier contracting
- Workforce management
- Executive compensation
- Owner conflict resolution and business divorce
- Legal and business counseling and crisis management
- Labor and employment issues

Typically, for those clients without internal legal resources, we serve as "outside" general counsel, fulfilling the role of business advisor while servicing a broad range of legal needs. For companies that have an internal legal staff, yet require specific legal support, we provide the appropriate insight and capability to enable them to achieve their business objectives. In either case, the real-world experiences of our attorneys allow us to deliver practical, effective solutions and counsel, rather than mere legal theory. We pride ourselves on being strategic partners in the success of our clients' businesses.
